This appears to show one of the ruined arches of the unfinished tower of East Bergholt Church, probably the north one (see Graham Reynolds, *The Early Paintings and Drawings of John Constable*, 1996, nos. 6.4, 6.6, 6.8 and 6.9) and is likely to originate from the same sketchbook as 'Tomb of James Gubbins, Epsom.'

We are grateful to Anne Lyles for her help in cataloguing this drawing.
